

Academic Honesty Statement:

Academic Honesty Statement

I have read the University of Houston Academic Honesty Policy contained in the online **UH Student Handbook** and the College of Engineering's Position on Academic Honesty. Additionally, I agree to abide by the provisions outlined in both locations. Moreover, I understand that the Department of Electrical and Computer Engineering takes academic honesty seriously and, in cases of violation, penalties may include suspension from the University of Houston.

Excerpt from the UH Academic Honesty Policy:

"High ethical standards are critical to the integrity of any institution, and bear directly on the ultimate value of conferred degrees in the business community. All UH students, regardless of their chosen discipline, are expected to contribute to an atmosphere of the highest possible ethical standards."
